

Winter 2014 Newsletter

Hello Laskeek Bay Conservation Society followers!

Our 2014 field season is quickly coming up!
Starting May 2nd and ending July 11th, we are in for a great season of research, monitoring, conservation and education!

We are accepting applications for our
2014 internships and volunteer positions

Visit our website to apply
www.laskeekbay.org

Internships

We are pleased to offer two 6-week internship positions for the 2014 field season. Aimed at third or fourth year biology students (or recent graduates) this program offers students a chance to gain hands-on field skills while working alongside trained biologists. Interested applicants are encouraged to send a resume and cover letter to laskeek@laskeekbay.org

Volunteers

The Volunteer Program at Limestone Island gives you a wonderful opportunity for assisting the Society with its work while participating in field research. Volunteers are asked to commit to a one-week stay on the Island, which will include a variety of different studies varying with the timing of your stay. It is a chance to meet scientists and learn a lot of scientific lore and natural history in an engaging way.

Please read the volunteer guide for more information. Volunteer Application packages are available on our website.

CAN'T VOLUNTEER THIS YEAR? You can help us by talking about us and promoting our volunteer and intern positions in your community! If you are interested, we have presentation materials we can provide to help out. We also have some amazing pictures on our

or

you can show people!

AGM

Please join us on March 6th, 2014 at 7:00 p.m. at the Visitor's Information Centre in Queen Charlotte. We will have a presentation by a local biologist followed by the highlights of last season, a short review of the 2013 financials and the election of directors to the board. Refreshments & snacks will be provided.

Please consider making a **donation** to ensure our organization can continue to do conservation work on Haida Gwaii. Donations can be made easily at www.laskeekbay.org or sent by cheque made out to Laskeek Bay Conservation Society, Box 867, Queen Charlotte, BC. V0T 1S0.
